

Community Outreach

Watercolor at the Martinez VA

We are seeing individual progress in our artists that is largely self-motivated. Some are seeking out different approaches to painting and the results are delightful. Wes has been working with an aquatic theme, and Ziggy has moved from self-portraits to painting others. Others are challenging themselves to paint outside their comfort zone. Victoria, Julie and I continue to enjoy our twice monthly sessions with the artists and welcome CWA volunteers who would like to participate in this gratifying experience.

The next scheduled dates are September 12 and 26.

If you are interested, contact Maggie at (925) 899-9185 or Victoria at (925) 639-7689.
