Important Eligibility Notes:

- Artists that fail to provide the accepted entry will be disqualified for one year from entering a CWA Members Show.

Gallery Size Limits

The Gallery has size limitations. Maximum outside frame can be no greater than 30 x 40 inches, and no less than 16 x 20 inches.

.....

Framing

These framing guidelines are intended to help ensure your artwork's safety, the safety of its handlers and maintain a high standard of presentation for the gallery show. Paintings considered unsafe for hanging may not be hung at the discretion of the Gallery. Any repairs or adjustments will result in extra charges.

- Use neat and sturdy metal or wood frames with square corners. No ornate or rococo frames.
- Use a foam core backing on the back of the painting to protect your painting.

- Plexiglas™ (acrylic) covering is required. NO GLASS. Floated art must not touch the plastic.
- Watercolor paper, Yupo paper, and Tyvek paper are all accepted.
- Paintings on Aquabond (or other similar surface) or cradled panels and varnished or finished with a protective coating may be displayed without an acrylic covering but must still be framed in simple, square-cornered frames with D-rings and wire for hanging.
- Mats, if used, shall be white or off-white, clean and neatly cut. Thin, colored liners are acceptable.
- Backing material should be foam board or acid-free backing materials to maintain the quality of the painting. Do not use a cardboard backing. Wood frames may have a paper backing (dust cover) glued to the edge of the frame.
- Picture frame hangers MUST be flush with the frames (D-rings); NO sawtooth hooks, clamps, or eye hooks.
- The wire must be fastened securely, with the wire ends taped. The center of the wire should reach two inches below the top of the frame.

Frames **MUST** have a foam core backing for paintings on paper. It must clearly show the foam core when the painting is accepted at the show. If you use the type of frame with clasps that turn to close an archival hardboard backer in place, the frame **must** have a brown paper dust cover glued to (over) the back of the frame. The Masonite and hardboard backing boards that come with many store-bought frames are not acceptable. The reason for this is that if someone buys a painting at one of our shows, we want them to get a product that will not discolor with age or affect the watercolor paper or surface.

Additional framing details may be included in instructions to accepted artists if necessary.

.....

Sales

CWA will handle all sales. All paintings must remain for the show's duration and cannot be shown in another concurrent show. CWA will retain a 20% commission on all work sold. ALL paintings must be for sale. Maximum price is \$1,500. Paintings must be priced as framed. Price changes are not allowed once the show opens.

.....

Conditions and Liabilities

No work may be withdrawn before the end of the show or entered in a concurrent show. CWA and the Gallery reserve the right to photograph artwork or copy images for promotional purposes. The Gallery does not provide insurance for the artwork while it is in their possession. The submission of entries to this show shall constitute an agreement on the part of the artist to the terms and conditions as set forth in this prospectus.
