

# “Light Up Your Landscapes”

## California Watercolor Association workshop

### Roland Lee - August 20-21, 2020

#### **WATERCOLOR MATERIALS LIST**

*Important:* If you already have watercolor supplies, don't rush out and buy anything, just bring what you are comfortable using. But if you are just starting out, the following is a good beginning list:

#### **Watercolor Paper:**

For the 2-day class you will need two 22x30 sheets of Arches 140 lb. Cold Press (or other good brand) cut into quarter-sheets. 100% rag watercolor paper is critical. Do not buy the cheap watercolor pads. Anything in a ring tablet is not suitable.

#### **Mounting Board and masking**

**tape:** Bring a stiff board, Incredible Art Board, or foam board to tape your paper to. The board needs to be portable so we can tip and turn it as we work.

**Table Easel:** We will be working indoors on tables, so bring a table easel if you like to work with them. Otherwise something to hold your board at a slight angle will be fine.

#### **Brushes – your choice:**

(Taklon, synthetic or sable, any brand), Flat wash or Aquarelle - 1 inch preferred, Round #8 or #10 Round, #6 or smaller

#### **Misc.**

4H and 6B & Kneaded Eraser  
 Note paper and blank sketching paper  
 Roll of Viva (or other good quality) Paper Towels  
 1 inch Masking Tape for mounting paper  
 Large Water Container (#10 coffee can, or bucket)  
 Small hand towels or sponge

#### **Paints:**

The following is a *suggested* basic palette:

Cool Red: Permanent Alizarin Crimson, or Quinacridone Coral
